Royal Prince Alfred	0	0	0
Total	15	91	76
Target	32	-	890

*excludes participants with pending 7-14 day calls, those who are withdrawn and ineligible

July Updates:

- e-consent training was delivered to Eastern Health and Peninsula Health that had received their RGO approval for the recent amendment. Please let us know as soon as your RGO approval arrives so we can prepare your site for e-consent.
- We were very pleased to receive feedback from a number of participants in this past month who had commented that they were delighted to participate in the ReCAPS outcome assessment as it gave them a feeling of being productive. People are happy to be part of something meaningful during these uncertain times.
- Deb (below) from Royal Prince Alfred received her ReCAPS training with Jan in July. We wish her the best of luck getting started with ReCAPS.
- 1 August marks the 1 year anniversary of Phase III of ReCAPS. Despite being behind with recruitment, let's look positively ahead with renewed enthusiasm to achieve targets in the months ahead.
