Total	17	137	119
Target (Month - Overall)	32	-	890

*excludes participants with pending 7-14 day calls, those who are withdrawn and ineligible

October Updates:

- Rajesh Khanna, Royal Adelaide Hospital, has had another massive month with ReCAPS recruitment beating his last month's stellar performance. Congratulations Rajesh for providing the opportunity to participate in ReCAPS to 12 participants this month.
- We had an excellent virtual meeting with 8 clinicians from 5 sites, where some great tips were shared amongst the members of ReCAPS collaborative on the call. These meetings will run once per month and can be a great opportunity to brainstorm barriers and share success stories.
- The team at St Vincent's hospital, NSW has received approval for their SSA and we are excited to have Kirsty Page and the team on board to recruit their first ReCAPS participant in November.
- The people of Melbourne are celebrating a return to some normality with the much welcomed announcement of an easing of restrictions.
