### April Updates:

- Well done to Kirsty Page for recruiting her first ReCAPS participant last month.
- The first publication for ReCAPS has been accepted by the International Journal of Stroke.
- Dawn has landed safely in Ireland and will continue to support us on reduced hours from afar.

### How can we help?

We have noticed that numbers have dropped significantly this past month. We now need 11/week recruited to meet our milestones, which is at least 1 per site per week please.

Let us know what we can do to help, so that as many people as possible are provided the opportunity to participate in ReCAPS.

Did you know that if you are really stuck for time the ReCAPS HQ team can complete the baseline assessments for you as long as you obtain signed consent. Please contact Jan to find out more.
