June Updates:

- Please join us in officially welcoming Olivia to the ReCAPS team as the new trial coordinator, Olivia Brancatisano.
- Jan and Olivia had a zoom meeting with 7 hospital clinicians this week to discuss barriers to recruitment and how best to support. Acknowledging there have been many issues, including the ups and downs of Covid restrictions but there was a lot of renewed enthusiasm to increase recruitment numbers for ReCAPS. We look forward to higher numbers on the table next month and reaching 600 participants randomised by the end of this year!
- We will keep the monthly zoom meetings to keep up motivation and additional training such as e-Consent procedures. *Please Let us know what we can do to help!*

Help us to help you!

Did you know that if you are really stuck for time the ReCAPS HQ team can complete the baseline assessments for you as long as **you obtain signed consent**. Please contact Jan or Olivia to find out more.
