### July Updates:

- Olivia is settling into her new role as the trial coordinator, please reach out to her if you need assistance or advice.
- Covid continues to make an impact this month. If there have been staffing changes as a result of it, please inform Olivia so we can keep a record of issues that have impacted the trial along the way.
- We met this month with 5 hospital clinicians and encouraged using the approved promotional flyer to advertise the ReCAPS trial around the stroke wards. We will post out 2 complementary laminated copies to each hospital trial coordinator.
- Next months zoom meeting we will focus on the process of e-consent and completion of baseline assessments in the event a participant has been discharged home before this was completed.

### Help us to help you!

Each month we are scheduling zoom meetings to talk about any obstacles to recruitment or data issues. Please contact Jan or Olivia if you have a specific question or issue you would like to discuss.
